The LDF annual gala in St. Tropez

On July 20th, the third Léonardo DiCaprio Foundation (LDF) annual gala took place in St. Tropez, France to fund climate and biodiversity projects. This third gala was a great success, raising more than \$45 million which will serve the climate change challenge.

R20 Executive Director Christophe Nuttall had the opportunity to directly discuss with Terry Tamminen, CEO of the LDF who reconfirmed, once again, his strong support for the '100 climate solutions project campaign'. During the gala Mr Tamminen presented the Planet Pledge Fund (PPF) to an enthusiastic audience who later formalised their interest by making their first commitments to the fund.
