Creation of a compost production unit

Expected project CAPEX: Tbd
Mandating Authority: Wilaya of El Oued
Project Type: Composting

Summary
The project will take agricultural waste from El Oued wilaya to turn it into compost.

Location and population
El Oued, Algeria
135'000 inh.

Social and environmental impact
Creation of jobs / Reduction of GHG emissions / production of compost

Main stakeholders
The Wilaya of El Oued/ The municipalities served by the landfill Technical Center of household and similar waste / The management of the environment El Oued.
**Project maturity (IFC / World Bank Categories)**

**STAGE 1 : Concept Development, Site identification**

**Expected capacity** *(Input-Output)*

45,000 tonnes

**Land identified**

Yes

**Site access:**

- ✔ Adequate road
- ☐ Rail access
- ☐ Port facilities

**Technology:** In-vessel composting

**Waste stream data**

Yes

**STAGE 2 : Pre-Feasibility Studies**

**Pre-feasibility study:** No

**STAGE 3 : Feasibility Studies**

**Feasibility study:** No

**STAGE 4 : Permitting / Financing / Contracts**

- **Land concession signed**
  Tbd

- **Building permits signed**
  Tbd

- **Environmental impact study**
  NA

- **Identified sources of fundings**
  Tbd

**STAGE 5 : Engineering / Construction / Commercial Operation**

- **Engineering, Procurement and Construction Contractor**
  Tbd

- **Operation and Maintenance Contractor**
  Tbd

**Comments**
